

## SHAPE UP FOR SUMMER

-Lose inches in time for take-off with Body Boutique -

So you've booked a fabulous fortnight in the sun together and are both looking forward to kicking back with matching his 'n' hers towels, sunnies and swimwear. Trouble is, instead of looking toned, trim and gorgeous you've developed his 'n' hers beach bodies that are likely to turn stomachs instead of heads!

Well don't panic! You can tone up your muffin tops and replace flab with abs in time for take-off with help from the **Body Boutique Wrap Factor Kits** (for men and women), **£39.99 each**. These fabulous body-firming fixes are just the ticket to achieve a svelte, sizzling, sexy body before you jet off to sunnier climes.

These fantastic 60 minute treatments use a sea-clay formula containing essential oils designed to draw out toxins, flush them through your system and, most importantly, promote inch loss. When the bandages come off, average participants have lost up to 3.3 inches\*\* from just one area of the body. The treatment also helps to break down and eliminate the fatty deposits that cause cellulite, leaving you slimmer, firmer and smoother.

What's more, the results are long-lasting because you don't regain the inches when you drink water. In fact, with Body Boutique, it's recommended that you drink 2 litres – 4 pints of water a day to help flush out the toxins.

Post wrap, the women's pack contains a cellulite cream, and the men's kit contains that both smooth, flatten and tone the skin for ultimate results – it only takes an hour to lose inches – sit down, relax and be amazed!
