

## SNOOZERS ARE LOSERS

- a perfect pick-me-up for any occasion -

January 2008

If an energetic love life, juggling work, screaming kids and a frantic social life (the list goes on) has sapped your sparkle and left you feeling as dull as dishwater, and less than chirpy, then help is at hand (before you fall asleep in your cornflakes or trip over the cat)...

The **Anatomicals Snoozers Are Losers** is devoted to helping you stay awake (only when you need it of course!) and has come to the rescue with it's caffeine packed **Energy Patches (6 sachets, £3)** - formulated for the fast relief of temporary tiredness and drowsiness.

The perfect pick-me-up for dragging you out of the armchair and through any occasion, each patch is small enough for popping discreetly into pockets/bags and acts as a stimulant to help mental alertness, leaving you feeling re-energised and raring to go.
